RE: Adena Springs Ranch; CUP Application No. 2-083-129419-1 (pending)

Gentlemen:

Audubon Florida has reviewed the letters transmitted to you on by Attorney John R. Thomas, Esq. on behalf of his clients, Jeri Baldwin and Karen Ahlers dated January 8, 2013 and January 10, 2013, which are attached. Ms. Baldwin and Ms. Ahlers are also Audubon members.

Audubon Florida concurs in the comments, analysis and legal positions asserted by Attorney John R. Thomas in these letters, and joins with Mr. Thomas in his position that The Amended Permit Application is incomplete and additional information or permit denial is required.

We request prompt direct notice of the intended agency action of the St. Johns River Water Management District concerning this permit application and ask that such notice be provided to me at this address and via email to: Chlee2@earthlink.net .

Sincerely,

Charles Lee
Director of Advocacy

CC: Executive Director Hans Tanzler
SJRWMD Governing Board
